Patents 1 - 20 on security hardware key

Sort by relevance | Sort by date (new first) | Sort by date (old first)

### Electronic electricity meters

US Pat. 5742512 - Filed Nov 30, 1995 - General Electric Company

Particularly, in order to convert, or upgrade, a meter, the user first purchases a hardware "Key" device that attaches to the parallel port of an external ...

### Security system for a stand-alone computer

US Pat. 5402492 - Filed Jun 18, 1993 - AST Research, Inc.

In one embodiment, the key- overrides all security. ... while still enabling the user to access other number that is stored in the hardware key 230, ...

### Method of protecting computer software from unauthorized execution using ...

US Pat. 5222133 - Filed Oct 17, 1991 - Wayne W. Chou, Richard Erett

First, the developer or distributor may sell the enhancement or upgrade through a separate diskette which may also be protected by yet another hardware key. ...

### Diagnostic test unit network and system

US Pat. 6487513 - Filed Jun 7, 1995 - Toshiba America Medical Systems, Inc.

A temporary hardware key is provided for installation and testing of the ... key update information, key status, error messages, system performance ...

### Secure satellite receive-only local area network with address filter

US Pat. 5659615 - Filed Nov 14, 1994 - Hughes Electronics

11, interface software or hardware known to those skilled in the 1978 by the ... The key update address is a multicast The packets sent by the hub 116 are ...

### Vascular portable assistant computer system

US Pat. 5745268 - Filed Jun 7, 1995 - Toshiba America Medical Systems, Inc.

A temporary hardware key is provided for installation and 50 "Get images" enables a TAC ... 1-2 status, key update information, key status, error messages, ...

### Method and structure for securing access to a computer system

US Pat. 5475839 - Filed Nov 16, 1994 - National Semiconductor Corporation

The unique hardware key is provided by uniquely formatting a standard floppy ... a supervisor or security officer can easily control and update security ...

### Secure money transfer techniques using smart cards

US Pat. 5461217 - Filed Feb 8, 1994 - AT&T IPM Corp.

Next, the security key register output device 114 of smart card 102 sends a signal ... These are exchange software, interest/key update software, ...

Patents 1 - 20 on security hardware key

Sort by relevance | Sort by date (new first) | Sort by date (old first)

### Security system for a stand-alone computer

US Pat. 5402492 - Filed Jun 18, 1993 - AST Research, Inc.

If the 250 microsecond minimum of one microsecond recovery time between tune-out expires (decision block 514), the hardware key 230 is not inserted in the ...

### Two-phase cryptographic key recovery system

US Pat. 5937086 - Filed Oct 2, 1996 - International Business Machines Corporation

In each of these methods, it is assumed that the key recovery system software or hardware contains a list of public certification keys. ...

### Method and apparatus for securing communication utilizing a security processor

US Pat. 6311270 - Filed Sep 14, 1998 - International Business Machines Corporation

Key recovery code 57 may be utilized to recover the contents of memory 59 which .... the triple DBS engine which is in hardware of security processor 25). ...

### Interoperable cryptographic key recovery system

US Pat. 5796830 - Filed Jul 23, 1996 - International Business Machines Corporation

Field of the invention (portions) to allow the key recovery agents to regenerate the This ... For this ent levels of security in different environments, ...

### Key recovery process used for strong encryption of messages

US Pat. 6483920 - Filed Oct 30, 1997 - Bull, S.A.

In this way, the approved hardware/ software can "know" the choice and consequently the name of the appropriate trusted third parties for key recovery, ...

### Interoperable cryptographic key recovery system with verification by comparison

US Pat. 6062469 - Filed Aug 14, 1998 - International Business Machines Corporation

Thus, considering first higher-priority features, a key recovery system should be capable of being implemented in software or hardware. ...

### Publicly verifiable key recovery

US Pat. 6249565 - Filed Apr 8, 1997 - Network Associates, Inc

In other words, the hardware/software generates a session key, encrypts the message with the session key, generates the required recovery verification ...

### Channel equalization system and method

US Pat. 6904110 - Filed May 1, 2001

Its key lifetime expectancy is very short, in the order of minutes. ... Problem: While hardware security is an important com- 25 ponent in many secure ...

### Cryptographic key recovery system

Patents 1 - 20 on security hardware char

Sort by relevance | Sort by date (new first) | Sort by date (old first)

### Modified computer motherboard security and identification system

US Pat. 6463537 - Filed Jan 4, 1999 - Codex Technologies, Inc.

These three hash numbers and the CK are stored in the security engine scratch ... These Hx' hash numbers and Ck are then written to the Key Management area ...

### Access control and authorization system

US Pat. 6490680 - Filed Dec 4, 1998 - TecSec Incorporated

This contributes to the security of the Constructive Key Management system. ... The card reader that reads the Super Card includes hardware to read the ...

### Method and system for transmission of financial data

US Pat. 4984270 - Filed Jun 19, 1987 - The Exchange System

( ) ANSI X9.24, Draft 5.0, Financial services - Retail Key Management. ... such a method and system that will not require extensive security hardware. ...

### Channel equalization system and method

US Pat. 6904110 - Filed May 1, 2001

Its key lifetime expectancy is very short, in the order of minutes. ... Problem: While hardware security is an important com- 25 ponent in many secure ...

### Smart-card based access control system with improved security

US Pat. 5852290 - Filed Jan 30, 1997 - Thomson Consumer Electronics, Inc.

The processor performs various security control functions including entitlement management and generating the key for descrambling the scrambled data ...

### Communications management system architecture

US Pat. 5610839 - Filed Oct 7, 1994 - ITT Corporation

Such a breach could arise through loss of hardware containing CI, ... and security key generation for a specific spread spectrum radio set, ...

### Apparatus and method for secure distribution of data

US Pat. 5956408 - Filed Feb 12, 1998 - International Business Machines Corporation

Key management refers to the procedures that are used to keep keys secret. ... Well-designed hardware can do the following: ensure the security of ...

### Method and apparatus for securing communication utilizing a security processor

US Pat. 6311270 - Filed Sep 14, 1998 - International Business Machines Corporation

Key recovery code 57 may be utilized to recover the contents of memory 59 which .... the triple DBS engine which is in hardware of security processor 25). ...

### Cryptographic key management scheme
